

Cancer Awareness Session Script (CAPP)**Introduction (1 min)**

"Hello everyone. I'm here today with Anant Aman SWS to talk about something that many fear, but few understand, cancer. The truth is: most cancers can be prevented or treated, if caught early."

Main Talking Points (10-15 mins)

- What is cancer (simple terms)
- Common types in India: Breast, Oral, Cervical
- Signs to notice early (list)
- Myths vs Facts (engaging: "Raise hand if you heard this...")
- Importance of screening
- Stories of real survivors (brief story)

Ending (2 mins)

"Imagine if one person from this room goes home today, and talks to their family, that talk alone might save a life. That's the power you hold."

Next Step

- Join our awareness army
- Invite a doctor-led session
- Host a screening drive

"Someone out there is alive because someone like you decided to show up."
